Welcome home

Too much choice can be overwhelming. It makes it hard to know where to start. Our approach is about edited choice – enough options so that there’s hopefully something for everyone, but not so much that it makes you want to run for the hills. And our Directory is the place where you can look at them all from the comfort of your favourite chair...

First, an introduction

Over the years, we've been trying to come up with the best way to say, "Hello, we're Neptune, and this is who we are." It's easy to learn that we're an interiors brand – the pages that follow, our stores (they're more like homes than stores though), and our website will tell you that in no time. But while our designs are a huge part of who we are, 'the why' and 'the how' almost matter more than 'the what'. It's easy to tell you what we do, it's harder to explain why. That's where our philosophy – a different perspective – comes in. Three words that sum up our entire reason for being.

We're optimists. Relentless ones. At Neptune, we fundamentally believe that things can always be better. That's our starting point. In everything that we do, from how we design a table to how we approach our delivery service, if there's a way to improve things for you, rest assured we'll do it. We'll never be different for the sake of saying so. But we'll always go against the grain if it's going to make your life better.

That mindset of challenging convention and looking at things differently also means that we're often reviewing things we've done, and re-assessing whether they're still good enough. We make time to have fresh ideas and we make room to put them into action. It can feel like we're never satisfied, but in a good way, because we're seeking a better version of better. For you.

Another adventure always awaits.

Take our first dining chair as an example. We didn't just follow the tried-and-tested path of chair design. We reconsidered every single joint, every single aspect, every single inch to balance comfort, support and stability. These aren't just places you're going to sit down, but rather, places to spend time in, eating, reading, socialising – it's an important distinction.

When we grew and decided to start crafting our designs overseas, we did it our way. We knew there was a better approach for our brand, so we built our own production house that makes our designs alone. Neptune things made by Neptune people.

When we decided to open our own stores, we said we'd open homes rather than shops. The traditional retail model just didn't feel like us, so we take years finding the perfect spots, we pour our heart and soul into designing them, so you'll feel perfectly at home, instantly. And we agreed they'd be places to enjoy spending time in, so you won't feel like you're pressured to 'shop', but instead, encouraged to just 'be'.

The reason we're telling you this – the why – is because we want you to know about the things you can't necessarily see – our hidden depths. All things Neptune have been considered from every which point of view. We'll never accept 'the done way'; we do what we think (and what we think you'll think) is best. We have our own lens through which we see the world.

These are the things that really tell you who we are.

We're Neptune.

We do what we do because we believe our designs can make your life that little bit happier, easier and better.

We do that with honesty, rigour and kindness, using the best materials, the most trustworthy of techniques, surrounded by people who genuinely care about creating things that are timeless. And we always lead with heart.

We're a British-born and raised interiors and lifestyle brand who design and make furniture, lighting and accessories for your whole home.

It's a pleasure to meet you.

Living

Living rooms should be just that – spaces that are all about comfort, for living in as well as looking at. A sink-into sofa and an armchair (or two) are essential. Footstools can create occasional seating as well as rest tired toes. And use side and coffee tables to surround yourself in treasured photos, mementos and books to read.

Sofas & armchairs

Every one of our upholstery designs has a different character and different filling ratios, but they all share the same design DNA. It's what's on the inside that counts.

Behind our beautifully tailored textiles lies a solid timber frame with expert joinery, designed in a way that considers style and shape, but also the way in which you sit. Because comfort begins way before cushions.

Olivia sofa bed

Meet Olivia: a sofa bed that doesn’t feel like you’re having to compromise – on the sofa or on the bed, on the function or on the form.

From the way it looks (you’d never guess there’s a bed inside), to the way it feels to sit and sleep on (both thoroughly road-tested by us), to the record-breaking strength and security of the mechanism (it’ll still be going strong after years and years, even if you used it every day).

Just so you know

You can choose to have any of our upholstered pieces made to order in your choice of fabric. Turn to page 251 to see our textile collection. These pieces will just take a little longer to make – twelve–fourteen weeks instead of one–two weeks for our ‘standard finish’. Unfortunately in some instances not all of our fabrics are available on all pieces. For full details please check online or ask in store.

*Also available without castors.

Cushions

Large or small, patterned or plain, square or oblong, wool or linen, every one of our cushions – be it a mainstay design or one from our seasonal selection – is filled with the softest feather and down. They feel as plump as they look which you'll appreciate every time you look at them or slowly sink into them, be they strewn across your sofa or propped up in front of pillows on your bed.

Throws

A throw can be a throw, draped over a sofa or scattered over grass at a summer picnic. Or it can become a blanket, left folded at the foot of a guest bed or kept close to hand to huddle under when a chill begins to chase. Nothing says ‘make yourself at home’ better.

Rugs

Luxury underfoot. Hard floors and rugs get on beautifully and artistic homes hang them from walls like tapestries. Consider overlapping rugs in different patterns for a playful patchwork.

Coffee & side tables

So much more than a resting place for mugs, lamps and books-to-be-read. Side tables will happily sit by themselves and create a feature, they work in pairs, and they love nothing more than to cosy up next to the sofa. And given the chance, a coffee table can become a living room's centrepiece.

Console tables

Once you let a console table into your life, you'll wonder how you managed without it. They can act as dressing tables with a mirror leaning on top. Or they stand and wait in hallways, becoming that piece you never knew you needed.

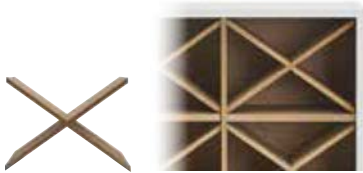

NEW Chawton

Chawton is a way to mould storage to your home’s contours. There are two different base cabinets – one with drawers and the other with sliding doors – and three options for the dresser section – single, double and triple- height. You can design it to be towering tall and to cover an entire wall to recreate the full-height library look or you can graduate the height to work with any sloped ceilings. There’s a ladder and rail to consider and oak shelving to slot in for storing wine if you blend books with bottles. This is a design for making a statement out of storage, but to also invest in for a lifetime of love and use, because even if you move somewhere new, you can take it with you and adapt it to suit your next home – whether that’s a country cottage or a contemporary townhouse and whether it’s in the kitchen or the sitting room.

Pembroke

Shoes, hats, picnic hampers, blankets and all things outdoorsy. Your very own wine cellar-style storage, a big-as-you-like pantry, a place to rest not-quite-finished pots of paint. The list goes on.

The Pembroke shelves were made to fit in with you, your home, and your needs. They come in four different widths and can stand by themselves or combine to fit almost any space. And our intelligent zigzag brackets are infinitely strong and mean you can slot in the oak shelves, coat rail or drawers any which way you want.

Materials:	Tulipwood & oak
Our standard finish:	Shingle exterior with Shell interior
	Driftwood exterior with Silver Birch interior
Tailor-made:	28+ bespoke paint finishes available

Three things to know about Pembroke

- You’re always going to need skirting. And, unless you’re putting Pembroke in an alcove, you’ll need cornicing and end panels too. Our Chichester and Suffolk kitchen collections are perfect, so have a look and see which you prefer.
- Don’t forget to factor in painting the skirting, end panels and cornicing too. You can use our paint service or have a go yourself by buying a tin of our eggshell paint.
- Pembroke needs to be bought in one of our stores so that we can talk through the configuration you’d like and installation.

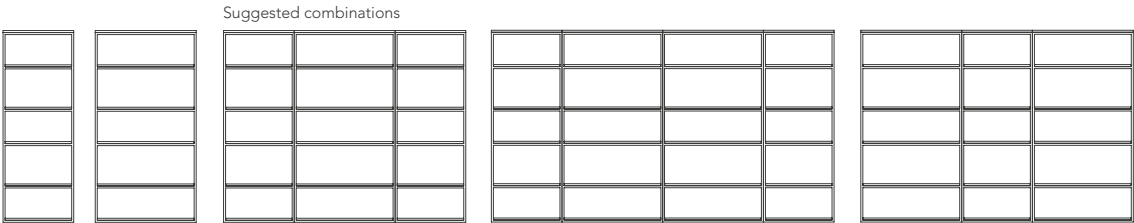

Carter

Carter brings together solid oak and a slim steel frame that’s powder-coated and baked so it’s incredibly robust. From the dining table design to these shelves, it’s a more elegant and classic interpretation of industrial style.

You can use the freestanding bookcases on their own or side by side to create a full-wall showcase. With open backs, they can also act as room dividers. They have unevenly-placed shelves, so there’s room for both tall and short things.

The shorter fitted shelves are designed so you can hang them on the wall – which we’ll often do for open shelving in a kitchen. But, they’re also just as happy standing on the floor, where you can use them as low-down bookcases, shoe storage or even as a spot for speakers and record collections.

Materials: Metal & oak
Our standard finish: Blackened Steel & Dark Vintage Oak

Capturing nature’s notes

Just like with everything we do, our scented candles and diffusers are kept to a small number to make it easier for you to find your home’s signature fragrance.

The notes in all five of our delicate scents come from nature’s rich tapestry. Some are more woody, some more citrusy, some a notch bolder, some more of a whisper...

NEW WINTERBERRY

Top notes orange, mandarin
Mid notes cinnamon, clove, nutmeg, rose
Base notes amber, spicy, woody

AMBER

Top notes citrus, galbanum
Mid notes sandalwood, leather
Base notes amber, moss, musk

LANDSCAPE

Top notes pine needles, green notes, orange flower
Mid notes fir balsam, nutmeg, pomander
Base notes cedarwood, sweet amber, moss

VERVEINE

Top note verbena
Mid notes lily of the valley, rose
Base notes sandalwood, musk

SEASCAPE

Top notes fresh, water, citrus
Mid notes apricot, peach, melon, jasmine
Base notes wood, musk

Just so you know

Because we use natural materials and make a lot of our designs by hand, it means you'll notice the odd change in texture and difference in size from piece to piece. It's all part of the charm of having something hand-made.

Corinium, Hanley & Broseley

Just so you know

The earthenware that the Corinium bowl and platter are made from isn't suitable for washing, so we don't recommend you use them for serving food.. Because we use natural materials and make a lot of our designs by hand, it means you'll notice the odd change in texture and difference in size from piece to piece. It's all part of the charm of having something hand-made.

Vases

There's a vase to suit every home's interior and every size of space. Some look best with a single stem or two, whereas others lend themselves to a fuller arrangement. And even when they're left unfilled, they're an elegant feature that captures the eye.

Daisy Sims-Hilditch

Daisy is a portrait and landscape painter based in London. When she was just 18 years old, she was shortlisted in the top 20 for the Saatchi Gallery’s Art Prize for Schools. She studied portraiture and trained under Charles H. Cecil in Florence, and in 2016 was selected for the BP Portrait Award and exhibited with the Royal Institute of Oil Painters at the Mall Galleries in central London. Capturing the essence of her sitter or the fleeting effects of light are what excite her most.

Miranda Carter

Miranda Carter is based in Wiltshire where she creates abstract, large-scale paintings suggestive of landscapes using acrylic paints and mixed media. Some are dramatic, others much calmer, but look closely at any of her paintings and you'll see marks, lines and the occasional dash of brighter colour that give them a dynamic feel.

Just so you know
When you see a painted finish, don't forget that you can choose to have it re-painted in any of the colours from our palette. Choose a custom colour on page 245. You can choose to have the interior re-painted too. Ask in-store or call our customer care team and we'll gladly provide a quote. All Chichester doors come with chrome knobs.

Clocks & frames

Our classic clock face has a place in every room of the home. Fittingly, its design is timeless. The same can be said for our small collection of photo-less frames, left unfilled so you can curate your own gallery.

Lighting

Lighting not only transforms a home; it can persuade a room to change its mood entirely. Our aim with lighting is to recreate nature's dappled shades. Complement natural light with thoughtfully positioned lamps, but bring some drama too with low-hung pendants. And when night-time eventually falls, draw the curtains and create puddles of light with wall, floor and table lamps working together.

Shade suggestions

Our designs are pretty easy-going. Isn't life easier when things just work together without any fuss? Which is why any of our shades will fit on any of our lamp bases. But like with anything, often there's a pairing that really does work the best, which you'll see below in our lamp and shade matrix...

Ceiling lights

Hang a pendant over your kitchen counter, coffee or dining table to cast light downwards. Hang them low and your statement becomes more confident. Find space for a large shade or chandelier and let it become the room's anchor. And don't underestimate the power of recessed bulbs – they're as special as they are subtle.

Dining

Mealtimes are a thing to savour; both the food and the company. Take time to build a setting that works for your lifestyle. Try mixing styles and shapes for an eclectic look. Consider a dresser if you have the space to bring crockery and tabletop together. Then rally family and friends and tuck in.

Just so you know

You can choose to have any of our upholstered pieces made to order in your choice of fabric. Turn to page 251 to see our textile collection. These pieces will just take a little longer to make – twelve–fourteen weeks instead of one–two weeks for our ‘standard finish’. If you decide to use our tailored service on our dining chairs, they'll come as a pair rather than a single chair. Unfortunately in some instances not all of our fabrics are available on all pieces. For full details please check online or ask in store.

Just so you know
You can choose to have any of our upholstered pieces made to order in your choice of fabric. Turn to page 251 to see our textile collection. These pieces will just take a little longer to make – twelve–fourteen weeks instead of one–two weeks for our ‘standard finish’. If you decide to use our tailored service on our dining chairs, they'll come as a pair rather than a single chair. Unfortunately in some instances not all of our fabrics are available on all pieces. For full details please check online or ask in store.

Buckland

Bespoke bench
Tulipwood, plywood & oak
Standard finish: Lily

Buckland tucks neatly into a kitchen's corner so it won't take up any more floorspace than needed. Or, leave it freestanding to create an eating zone in an open-plan room.

You can design Buckland to fit your space, but you'll just need to pop into one of our stores to do that – turn to the back cover to find your nearest.

Tables

Be it a dining room table, a kitchen table, or both, this is the place where so much more than eating takes place. Outside of mealtimes, it offers lots of lovely space to spread out homework or the weekend broadsheet. And when everyone else is out, it becomes a cherished spot for a moment of peace with nothing but a cup of tea for company.

NEW Darkened Oak

Natural Oak

Arundel

Introducing a new finish for Arundel: Darkened Oak. It's a rich (but not reddish) brown that's rooted in country style, that'll work well with strong colours, and that'll tie in with antique furniture.

Tableware

Choose pure and simple white and bring in colour through whatever it is you're serving. Pick something lightly patterned and mix in more colour still with glassware and napkins. Or, mix the two, because crockery doesn't always have to coordinate.

Bedroom

Whether it's yours, a guest's, or a little one's, every inch of a bedroom should feel loved. It's the place where dreams are spun, where mornings are made better and where comfort is waiting with open arms. Every one of our bedroom collections is as beautiful as it is practical. Feel free to blend pieces from each product family: there aren't any rules other than to lead with heart, not head.

Chichester

Chichester’s a collection for people who like traditional English design. It’s completely timeless, from its style to its solid timber and proper joinery. The colour of its painted finish is simple to change later down the line too, as is the upholstered headboard, so it can live on and on. And its subtle details are as long-lasting now as when we first designed them over a decade ago.

Francis

Solid timber beds are lovely, but they’re not for everyone. That’s why we made the head-to-toe upholstered Francis.

Its sleek profile means it sits quietly beneath the mattress, with tall oak legs that are both classic and contemporary.

Attractive enough to stand without a headboard if you want, just use plump square pillows and you’re done.

Just so you know
You can choose to have any of our upholstered pieces made to order in your choice of fabric. Turn to page 251 to see our textile collection. These pieces will just take a little longer to make – ten–twelve weeks instead of one–two weeks for our ‘standard finish’.

Larsson

A sturdy timber frame with meticulous carving defines the Larsson. Refined yet relaxed, its subtly worn edges, spruce cone finials and wildflower motifs capture a British woodland feel, but we’ve tempered them with quiet Gustavian references. And the upholstered panel promises a fit that’s perfectly snug, yet it’s still removable should you want to change the fabric.

Wardley

Wardley is our take on the traditional four-poster bed. It commands attention – as any four-poster will – but, thanks to its pared-back frame, still feels airy (even when hung with its curtains).

Choose oak for natural warmth, or painted for a crisp finish and customisable colour.

Headboards

Pillows aren't the only place to rest your head. An upholstered headboard gives you some place soft to prop yourself up against, preferably for the rare treat that is breakfast in bed. They also add extra colour and texture to your bedroom walls, making it a space that's as softly spoken as bedtime deserves.

Barrington

Sleep is such a personal thing, so we won't say our mattress will give you the perfect night's sleep. What we will say is this is the mattress that we've found to be the best, which is why we only offer one design but with two firmness levels. It's pocket sprung for comfort and support, with layer upon layer of natural fibres including wool sourced from a 300-acre Yorkshire farm. It's then traditionally hand-stitched, tufted and finished at a nearby workshop.

SEVEN-LAYER COMFORT

- Wool and cotton:**
Balancing softness with springiness. Wool helps to keep you cosy in winter and cotton fresh in summer.
- High-definition springs:**
Helping to support and comfort by spreading your weight for a light-as-air feeling.
- Hemp and horsehair:**
Providing strength and durability. Hemp helps to regulate body temperature too.
- Pocket springs:**
Cocooning you with just the right level of support at our mattress's core.
- And then three further layers of:**
Hemp and horsehair; high-definition springs; wool and cotton.

Bathroom

Classical silhouettes, deep basins, delicately veined marble, warming oak – these are the building blocks of creating a heavenly washroom. It’s a space where you can close the door and melt into serenity day after day. Unless you’re stood in the family bathroom, which is a different story altogether...

Jarrow

Tulipwood
Standard finish: Shell

There's more to Jarrow than meets the eye. A timber-framed mirror on the surface, what lies behind is in fact a cabinet that sits within the wall. It's the mirror that opens the cabinet door – another unexpected feature that we love – revealing adjustable shelving and useful LED strips built into the interior.

Walls and floors

Choose oak boards for strength and smoothness, choose terracotta brick for warm tones and rough texture, choose limestone with a tumbled finish for wearability and an easy-going nature. Then offset paint with glazed tiles and timber shiplap cladding.

Your home will quickly become a tale of tone and texture.

Just so you know
Our tiles are hand-made, and many from natural stone or clay. You can expect to see a touch of variance in tone from tile to tile – a lovely characteristic of working with natural materials. Some of our tiles, particularly our floor tiles, also have a difference in size per flagstone. You'll see that on the dimensions given on these pages. Uniformity would create a look that's too rigid, and softness is what we're trying to achieve.

Garden room

Gardens and garden rooms are to be enjoyed all year long. They're spaces not to be forgotten when the seasons shift. They encourage you to make the most of late September sunshine and surprise October Indian summers. And when the time for hibernation does arrive, a garden room keeps you and your great outdoors connected, but somewhere sheltered and snug.

Our kitchen

Your kitchen should be nothing short of a pleasure to live with. When you look at it, it should make you feel good. Every day. And when you use it, it should make life a bit easier. In ways big and small.

That's how your Neptune kitchen will be designed.

With a focus on timeless looks and the highest quality materials and with total consideration for how you want to live your life.

The colour of this page is a shade from our paint collection. It's called Shell.
Find out more on page 245.

When we ask people what made them choose Chichester, they generally say that they felt it was most traditional and the most country of all of our collections.

It's because Chichester's the only one with classic cockbead moulding around the cabinet fronts – it's surprising how much difference it makes to your room.

Chichester

It also has the odd curve here and there that soften its look and will help your whole kitchen to feel homely.

But Chichester's capable of much more than country.

It's surprisingly sympathetic to the architecture of most homes, be that a loft apartment in the city or a contemporary townhouse. Depending on its environment and how it's designed, it will add just a subtle grounding of time-honoured and timeless English style.

This kitchen Chichester kitchen, painted in Fog. Villeroy & Boch ceramic double-bowl sink.

Suffolk: simple on the outside, but far from it on the inside. A kitchen suited to people who want a less-is-more look in their home and who can never quite find the right word to describe their style because they're somewhere between classic and contemporary.

Suffolk

This is our most pared-back collection of all; a Shaker-inspired kitchen where there's real discipline in the design and the beauty comes from the unfussiness of it all and the philosophy of putting practicality first.

This kitchen Suffolk kitchen, painted in Fog. Britten Chrome button knobs. Quartz Ariel work surface. Marton Natural Oak flooring.

There's more than one clear-cut reason why you'd choose Henley over our other three kitchen collections. The first is if you're a lover of oak. Henley's the only kitchen where you can have oak cabinetry – exposed, natural, beautiful North American oak.

Henley

The second reason's that it's the only kitchen where you can mix your cabinetry finishes. You can have the Henley design in painted timber, in pure oak, or a mix of the two.

Then there's the character. Henley's not as minimal as Suffolk, but not quite as detailed as Chichester. It's that happy middle ground for those of you who didn't feel either of those were 'just right'.

This kitchen Henley kitchen in Classic Oak and Snow. Barlow Black-Bronze cup handles and half-beehive knobs. Dekton Sirius work surface.

The sleekest, the most contemporary and the most streamlined kitchen in our collection.

Limehouse is a kitchen for people who prefer a contemporary look and feel, but want the heritage and the quality of timber cabinetry over melamine or chipboard.

Limehouse

If you're the sort of person who has a hawk-like eye and real appreciation for detail, then Limehouse's meticulous design might appeal too. The precise lining up of all of the grooves running through each cabinet, and the mirroring of those lines in Limehouse's own handle design are what make it feel so smooth and polished.

This kitchen Limehouse kitchen, painted in Lily and Fog. Limehouse Chrome toggle handles. Work surface Neolith Cement.

Finding your local Neptune store

Our stores are places to talk through your projects and ideas, to see our designs in person, to come along to one of our workshops or get-togethers, and to simply mooch and gather interior design inspiration to take back home with you. And, maybe more than anything, they're places that we want you to feel perfectly at home, as soon as your toes are over the threshold.

A home from home

There we were, designing collections for your home, and building places for you to get up close with them, so we thought, why not create spaces that feel more like homes than stores? Places that feel closer to interior design than 'shopping'? Wouldn't it make it easier for you to picture how things would look in your house? Wouldn't it help you to plan what else you might want to put in a room together? Wouldn't it simply make the entire shopping experience better and nicer?

So that's exactly what we set out to do, six years ago with our very-first store in Winchester, and that's exactly what we're doing 31 stores later.

Step inside any Neptune store and you'll not see a shop floor, but the same rooms you'd have in your own home. Not nods to rooms, not a living room-like or bedroom-like setup, but full rooms. The living rooms often have working fires, the kitchens cabinets are fully stocked and at least one will be a fully working kitchen (oven and all). The bedrooms don't have PJs under the pillow, but it certainly feels like nobody would tell you off for getting into bed and nodding off.

It's the combination of decoration, design and atmosphere. That warm welcome, that make yourself at home message, that feeling of wishing and wanting to move in, that energy from the ideas running round your head for your own nest. They're what make our stores not stores.

With stores spread across the UK and Europe, visit us online to find your closest one.

Our design services

Whether it's the designs in our collection (whose fabric and paint colour are yours for choosing) or the design services that you can make the most of, our approach is always about creating interiors that are timeless and entirely tailored to you and your home.

You can find design inspiration simply by walking around our stores or by reading the articles on our journal, or, you can go one step further and have your home designed by our specialists.

Kitchen design

If you're thinking of investing in a new kitchen, our designers will work with you on a one-to-one basis. First, you'll come in to have a free design consultation, which last 90 minutes or so. After that, you'll get to go through our in-depth and expert full design service. This is the part where rough ideas and outlines become your fully-formed vision and where your kitchen really starts to come to life. And with installation from our expert team, you'll also have the peace of mind of our lifetime guarantee.

Home design

Our home design service is an easier, less overwhelming way to bring interior design into your home. You'll have breadth and choice but not a daunting amount. You'll have the timeless Neptune look, but tailored to your home and your vision. And just like with kitchen, you'll have one of our expert home designers doing all of the hard work for you. If you're thinking of redecorating – be it one room, two rooms or ten – we've got all of the tools you'll need in one place, ready to create your very own version of a Neptune home.

You'll find our kitchen designers in every one, and our home designers in most (with more to come very soon).

A place to get together

Cooking classes on the Aga in one of our kitchens, flower-arranging workshops using our life-like stems at the kitchen island, yoga sessions in the garden (in summertime) or in one of our more spacious sitting rooms (when the sun turns to snow). Our stores are places to gather together, to master a new craft, to discover a new hobby and to spend time with the local community.

Sign up to our emails and you'll always be sent an invite to what's taking place at your local store.

Curtains & blinds

Made-to-measure window treatments

All of our curtains and Roman blinds are traditionally hand-stitched and hand-headed at a small, family-run workshop in Gloucestershire.

It's a process that yields, by far, the most superior finish. We believe that quality is as much about how something is made as it is about what it's made from.

To find out more about our curtains and blinds service, and for information where you can see them, visit neptune.com/curtainsandblinds or find your nearest store neptune.com/stores

Make them your own

In the interests of keeping things straightforward, the following section is a summary of things to have in mind when you look back through our collections.

The main point is that what you’ve seen in these two hundred-odd pages, isn’t necessarily just what you get. The colour, the fabric, the finish is often completely up to you.

We call it Neptune Tailored.

Paint

28 That's the number we edited our core collection down to so that you have plenty of choice, but not a never-ending list. You can see them all on the next page. On top of that there's our archive – colours from seasons gone by largely, but whose recipes we've saved so that you can still ask for them if you fell for Sage, Mustard or Old Rose.

When you see a painted finish, know that you can choose any of our colours. You'll also spot two prices.

We paint each collection in our choice of signature shade – that's the first price. The second one is if you choose to use our paint service and have it in a different colour. This also adds on a week or two before we can send it to you.

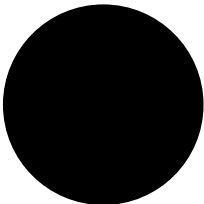

THIS SEASON IN COLOUR

Ink's a navy that's so dark, it's verging on black. The hint of blue in there makes it softer, but it's still a shade for homes that want to be a bit braver with colour and tone.

Try pairing it with a bright white like Snow if you want a clean-cut contrast; creating a tonal palette with Flax Blue; or making it the foil to brighter shades such as our mustard and rust-coloured textiles.

Whether you use it as a strong statement across walls and woodwork, or as an accent, a hint, a pocket in your scheme, it'll feel bold and daring. And so will you.

Ink

Our paints are absolutely always a water-based acrylic. High-performing, low in chemicals and practically odour-free, they're a far better option for our homes, the environment and our own health. It also means that brushes need only a simple rinse with water.

Our paint service

The majority of our furniture is made from tulipwood – a hardwood with a subtle grain that makes it perfect for painting.

When you see exposed timber though, it'll generally be oak or teak. These timbers are far too characterful to paint over – it'd feel like sacrilege.

One of the (many) beauties of natural timber is that you can sand it down, prime it and paint it again in your choice of colour whenever you like.

That's where we begin when we re-paint your furniture or accessories. Every design gets its own approach, but spray-painting and hand-painting are always used together so that the finish is as perfect as can be. Some colours need more base coats than others, while some need more top coats. It's about doing what's right for that particular shade, and for you.

The price is based on how intricate the work is, the size of the design, and therefore, the amount of time and paint it'll take to do it.

You can also have the interior painted a different colour (unless it's an oak interior like in Suffolk of course). Let our customer care team or your local store know if you'd like to find out more and they'll give you a bespoke quote.

Fabric

In our fabric library, there are more than 50 options for you to choose from. Linens and linen blends, wools and velvets, some patterned, some plain and some more colourful than others. They're all here in the next six pages, but you can also order free swatches on our website (and in any of our stores) as well as read more about each one's character and whether it'll suit your home and your lifestyle. Or, visit us in-store to see larger fabric flags that you can drape over sofas, armchairs, headboards and footstools (or whatever you're thinking of upholstering) to get a better idea of how they look on a bigger scale. It's here that you can ask one of our home specialists whether you're more of a performance linen or character linen person too.

If you choose a studded design like Eva, the colour of the studs will be either Nickel, Pewter or Antique Brass depending on which one suits your choice of fabric best.

As for pricing, each type of fabric is broken down by price next to each design, so you can see how much it would be to upholster it in the one you like most.

It's not all about Neptune Tailored though. Most of our fabrics are available by the metre too if you're wanting to reupholster an old armchair or get creative in one way or another. That's the price you'll see next to each fabric family in this section.

Tailored from head to toe

Most of our sofas, armchairs, footstools and dining chairs have solid oak legs that come in one of these four stained finishes. That way, if you change the fabric, you can choose which leg colour you think suits it best or that matches the rest of the timber furniture in your room. Some of the designs with castors can also come without – you'll find the details of these on each page.

TOOLS OF OUR TRADE

Bespoke

If you fall for a design but the dimensions don't sound like they'll quite fit, that's where our Bespoke Workshop comes in. Based here at Neptune HQ in Wiltshire, our carpenters can alter the sizes of our Chichester, Suffolk and Henley kitchen collections and a handful of our freestanding pieces. Perhaps you'd like our pan drawers slimmed down for a petite kitchen. Or shorter wall cabinets for a low-ceilinged room.

And it doesn't end there.

When it comes to kitchen cabinetry, you can also ask us about making an entirely new piece based on one of our existing styles. Perfect when you need a creative idea to fill a fiddly corner.

If you're interested in talking to us about our bespoke service, just get in touch with your closest store or our customer care team to get the conversation going...

Taking care of timber: IsoGuard®

IsoGuard® is a high-performance treatment that we've developed to help protect the natural timber we use throughout our collections.

It adds an almost unnoticeable protective coating to the wood to help it stand up to spills and marks. It's a defence barrier, but one that you'd never know was there.

Put simply, it makes life better for your furniture, and hopefully for you too.

With IsoGuard®, we've put just as much thought into how the end finish looks as to how it works as a treatment. That's why there are several finishes, each with clever pigments that achieve the exact look that suits each of our timber designs. And, for some of our designs, you can sand back and reapply IsoGuard® in a few years' time – you'll find all the details on how to do that in our timber care guide.

neptune.com/takingcare

Almost all the unpainted wood in our collection is finished with IsoGuard® – the exceptions are our Turnberry and Henley collections, and Savernake flooring, which have different protective layers, and the acacia in our outdoor pieces, which is shielded by the tabletops and its own natural oils.

How it works

This bit sounds high-tech, but that's because it is.

IsoGuard® penetrates the timber surface and bonds with each wood fibre at a molecular level.

It repels stains and marks without creating an unattractive barrier, so the wood can still look natural; it does so much more than coating.

Living with IsoGuard®

IsoGuard® is tough. It can resist water, and most other household liquids from wine to cordial, and leave the surface unblemished, but only for a time (up to four hours).

Find out more about IsoGuard® on our website, in our timber care guide or by speaking to any of our home specialists at your closest Neptune store.

IN STORE

It's quite hard to describe the feeling you get when you come into one of our Neptune stores. No matter what we say, or the images we show, they never quite capture that feeling. So we'll say it with a quote instead from the little girl of one of our customers who came into our Reading store. "Mummy, can we stay here tonight?" We design our stores in a way that makes you feel instantly at home and happy.

Our Neptune stores offer our whole home concept while our retail partners showcase an edited selection of our most-loved designs. We'd love you to come and visit.

We have stores throughout the UK and Europe. To find your nearest, visit neptune.com/stores.

OUR RETURNS POLICY

We really hope that it's love at first sight. But if for any reason you're unhappy with your order, just contact the store from which you bought it within 28 days and they'll arrange to have it picked up. There may be a small charge for collection, which the store can confirm for you before you place your order. And of course, we'll refund you in full with the exception of tailored and bespoke pieces.

To make sure that everything's as accurate as possible, we triple check our Directory before it makes its way to you. But, very occasionally, something might slip through. If you do spot anything amiss, just let us know and we'll get it changed as soon as we can. We're very sorry if any mistakes mean that your piece isn't quite what you expected, or if it turns out that the price is wrong. You can absolutely still cancel or return your order – just head to neptune.com/termsandconditions for all the details on how to do that.

Please note all prices are RRP.
